

1. Incident Name:		2. Operational Period: (Date / Time)		INCIDENT OBJECTIVES ICS 202 - EPA
Hurricane Harvey		From: 09/01/2017 @ 0700 To: 09/02/2017 @ 0700		
3. Incident Objective(s):				
<ul style="list-style-type: none"> • Provide for the safety and security of responders as well as maximize the protection of public health and welfare. • Systematically and thoroughly survey the impacted areas caused by Hurricane Harvey. Determine the most heavily impacted areas and the overall geographical boundaries impacted. • Keep public and stakeholders informed. • Identify orphaned containers in each grid greater than or equal to 5 gallons in size, and document the most effective means for their recovery. • Identify potential and on-going oil spills, derelict and discharging vessels and facilities with releases in each grid, categorize the spills and document the most effective means for their recovery. • Identify locations for Incident Command Posts (ICP)/Staging Areas. • Identify any immediate threats to public health and the environment. • Identify affected drinking water and wastewater systems in each area, evaluate the systems to determine their operational status, and facilitate system contact with Federal, State and local agencies (i.e. technical assistance). • Identify secure area(s) to process and temporarily store for subsequent recycling, disposal, or return to the original owner, displaced Orphan Containers, Above Ground Storage Tanks (AST's), Hazardous Waste, Household Hazardous Waste (HHW). • Establish and maintain a common operating picture. • Identify and maximize the protection of environmental sensitive areas and threatened species • Assess Department of Homeland Security (DHS) critical infrastructure (e.g. public water supplies and wastewater treatment facilities) and Risk Management Plan (RMP) and Facility Response Plan (FRP) facilities for damage and immediate ongoing releases. 				
4. Operational Period Command Emphasis. (Priorities, Key Discussions/Directions):				
<ul style="list-style-type: none"> • All field activities will be conducted using the NDOW Standard Operating Procedures, NDOW tools, and Response Manager. • Agencies will work in coordination under Unified Command. 				
5. General Situation Awareness (Safety bullets, Weather, etc...):
